# CONTENTS

|   |           |
|---|-----------|
| <b>To CyMaster Supervisor</b>                   | <b>1</b>  |
| <b>Before you begin</b>                         | <b>1</b>  |
| System requirements                             | 1         |
| The CyMaster software package                   | 2         |
| System installation                             | 2         |
| <b>Getting Started</b>                          | <b>8</b>  |
| Starting the CyMaster program                   | 8         |
| <b>To all CyMaster users</b>                    | <b>10</b> |
| <b>CyMaster program basics</b>                  | <b>10</b> |
| Using the global functions                      | 13        |
| Using the "Help" button                         | 13        |
| Using the "Exit" button                         | 13        |
| Using the "Menu" button                         | 14        |
| Using the "Utilities" menu                      | 14        |
| Changing the password (only for the supervisor) | 14        |
| Printing a snapshot of the screen               | 16        |
| Using the clock and alarm                       | 16        |
| Displaying information about CyMaster           | 17        |
| Using the "Chapters" menu screen                | 18        |

## Chapter 1 ⇒ Road Network

|   |           |
|---|-----------|
| <b>Overview</b>                                 | <b>20</b> |
| <b>Using the "RoadNetwork" menu</b>             | <b>20</b> |
| <b>Road Network within towns</b>                | <b>21</b> |
| Zooming in a town's map                         | 21        |
| Using the "Town" menu                           | 22        |
| Finding the name of a road                      | 22        |
| Using the "INDEX" button                        | 23        |
| Locating a specific road                        | 23        |
| <b>Road Network between towns</b>               | <b>24</b> |
| Viewing the road connecting two places          | 24        |
| Analyzing the information about a specific road | 25        |
| Using the "OR" button                           | 26        |

## Chapter 2 → Transportation

|   |    |
|---|----|
| Overview  | 29 |
| Operating in a Road Network mode                                  | 30 |
| Using the "Transportation" menu                                   | 31 |
| Using the "Town" menu   | 31 |
| Obtaining more information about a Transportation item            | 32 |
| Explaining the information about the selected Transportation mean | 32 |
| Airport information   | 32 |
| Bus station information   | 33 |
| Car rental office information                                     | 34 |
| Port information  | 35 |
| Taxi office information   | 36 |
| Dialing the phone number of the selected Transportation mean      | 37 |
| Using the "Return" button   | 38 |

## Chapter 3 → Accommodation

|   |    |
|---|----|
| Overview  | 40 |
| Using the "Accommodation" menu                                  | 41 |
| Using the "District" menu                                       | 41 |
| Accessing the establishments within the town                    | 43 |
| Operating in a Road Network mode                                | 44 |
| Accessing the establishments in the town surroundings           | 45 |
| Obtaining more information about an Accommodation establishment | 45 |
| Using the "multiple establishments" scrolling field             | 45 |
| Analyzing the information about the selected establishment      | 46 |
| Camping site information  | 46 |
| Hotel information   | 47 |
| Hotel apartment information                                     | 48 |
| Guest house information   | 49 |
| Dialing the phone number of the selected                        |    |
