HIGHER TECHNICAL INSTITUTE	PROJECT NO. 3214
----------------------------------	---------------------

**SOLID WASTES TREATMENT
PROJECT REPORT SUBMITTED**

BY

ARCHONDOUS STEVEN

**To the department of Civil Engineering Of Higher
Technical Institute**

**Nicosia Cyprus In partial fulfillment of requirements
For the diploma of TECHNICAL ENGINEERING
In CIVIL ENGINEERING**

JUNE 2001

**Project supervisor: N. Kathijotes Lecturer
in Civil Enginiring H.T.I.**

Type of projerct: individual group

ACKNOWLEDGMENTS

I would like to express my acknowledgments to the
members of
the staff at the Higher Technical Institute who during
the last
three years helped me in any way with my studies.
Special acknowledgments to my older brother and
Mr. Nikos Kathijotes, lecturer in the Civil
Engineering department of H.T.I. ,project
supervisor, for their valuable help.

CONTENTS

Introduction	1
1.SOLID WASTES	3
1.1What are solid wastes	3
1.2 Types of Solid Wastes	3
1.2.a Hazardous wastes	4
1.2.b. Industrial wastes	5
1.2.c. Municipal wastes	5
1.3.Sources of Solid Wastes	6
1.3.a Municipal wastes.	6
1.3.b. Hazardous wastes	7
1.4.Characteristics	9
1.4.a.Composition.	9
1.4.b.Moisture Content	12
1.4.c. Density.	14
1.4.d. Energy content.	17
1.4.e. Chemical composition	18
1.4.f. Hazardous wastes characteristis	18
1.5. Composition of waste from residential/domestic areas in Cyprus	19
1.6. Waste amounts on total MSW generation in Cyprus in 1993	20
2.SOLID WASTE MANAGEMENT	21
2.1. Considerations in solid waste management.	21
2.2. Protection of Public Health and the Environment.	21
2.3. Source Reduction	22
2.4.Recovery of Energy	22
2.5.Collection of Solid Wastes	23

3 Pages

2.6. Types of collection systems	27
2.7. Separation and Processing of MSW	30
2.8. Processing Techniques	32
2. 9. Separate collection of organic waste from households in Cyprus	36
2.10. Ultimate Disposal	36
2.11. Existing Sanitary landfills In Cyprus	48
2. 11. a. Kotsiatis landfill	48
2. 11. b. Vati landfill	48
2. 11. c. Impact Assessment and Classification for Kotsiatis and Vati landfills	49
3. RECYCLING	51
3.1. Introduction.	51
3.2. Types of materials recycle	51
3.3 Reasons for recycling	55
3.4 .Conerson of MSW	57
3.4.a. Incineration	58
3.4.b. Composting.	60
3.5. Recycling in Cyprus	61
3.5.a. Generation of Scrap metal	61
3. 6. Recycling companies in Cyprus	64
3.7. Collection of Waste and Recyclable Materials	65
3. 8. Economy	68
3.9. Collection of recyclable materials, recycling banks in urban areas and village	69
3.10. Private Recycling Sector in Cyprus	70
