SUMMARY

ON-LINE HOTEL RESERVATION SYSTEM
Christodoulos S. Parpoulis

The original proposal issued by the Computer Studies Department of the Higher Technical Institute, in partial fulfillment of the requirements of the award of the Diploma in Computer Studies concerns the development of an Online Hotel Reservation System for the Cyprus Hotels.

The main purpose of the project is to provide the Cyprus Hotels with an online system which will promote Cyprus Hotels and give the ability to the net users choose according to their requirements the Hotel that will suites them best. The net users will also be able to request a room from the Hotel of their chose.

Its now believed that with this package Cyprus Hotels promotion to the outside will be widen and Cyprus will be in the top of the list for tourist destinations.
