# ON-LINE STOCK CONTROL AND MANAGEMENT OF THE ICT EQUIPMENT IN SCHOOLS

Project Report Submitted By  
Stella Adamou

In part satisfaction of the Award of Diploma in Computer Studies of the Higher Technical  
Institute (H.T.I) Cyprus

Project Supervisor: Mrs.Eliza Angelidou Loizou

External Assessor: Mr. Michalis Tortouris Bsc

## Table of Contents

|   |    |
|---|----|
| Introduction .....                                | 4  |
| 1. Investigation Phase.....                       | 6  |
| 1.1 Initial Investigation Activity.....           | 6  |
| 1.1.1 Introduction .....                          | 6  |
| 1.1.3 Definition of the Problem .....             | 8  |
| 1.1.4 Information about the work.....             | 9  |
| 1.1.5 Info about the people .....                 | 10 |
| 1.1.6 Recommendation .....                        | 10 |
| 1.2 Feasibility Study .....                       | 14 |
| 1.2.1 Introduction .....                          | 14 |
| 1.2.2 Financial Feasibility .....                 | 14 |
| 1.2.3 Operational Feasibility .....               | 16 |
| 1.2.4 Technical Feasibility .....                 | 17 |
| 1.2.5 Schedule Feasibility.....                   | 17 |
| 1.2.6 Humans Factors Feasibility.....             | 18 |
| 1.2.7 Conclusion.....                             | 18 |
| 2. Analysis And General Design Phase.....         | 20 |
| 2.1 New System Requirements .....                 | 21 |
| 2.1.1 Introduction .....                          | 21 |
| 2.1.2 Overview Narrative.....                     | 21 |
| 2.1.3 System Functions.....                       | 21 |
| 2.1.4 Processing.....                             | 21 |
| 2.1.5 User Interface with the system .....        | 22 |
| 2.2 New System Design.....                        | 23 |
| 2.2.1 Introduction .....                          | 23 |
| 2.2.2 Performance Criteria .....                  | 23 |
| 2.2.3 Security and Control.....                   | 23 |
| 3. Detailed Design And Implementation Phase ..... | 25 |
| 3.1. Technical Design.....                        | 25 |
| 3.1.1 Introduction .....                          | 25 |
| 3.1.2 Human – Machine Interface Design .....      | 25 |
| 3.1.3 Backup and Recovery Procedures.....         | 26 |
| 3.2 Test Specifications and Planning .....        | 26 |
| 3.1.2 System Testing .....                        | 26 |
| 3.3 User Training.....                            | 27 |
| 3.3.1 User Training Description .....             | 27 |
| 3.3.2 User Manual.....                            | 27 |
| 4. Conclusion .....                               | 28 |

## **Introduction**

This project was proposed by Mrs. Eliza Angelidou Loizou lecturer of the Computer Studies department of H.T.I. This project is a web based program for the Ministry of Education and Culture. It is one of the final projects of the Academic year 2004-2005.

The project goal is to develop an on-line stock control system for the ICT equipment in schools. Information of the equipment in schools will be submitted, modified when needed and accurate reports will be provided to the user. The system will be online allowing users from the schools to have access to the system's reports.

All the requirements of the system and all the necessary information were given from the Ministry of education and Culture and especially Mrs Marw Petrou.
