	3811A

## CONTENTS

Introduction.....	1
1. What's this Project About.....	2
2. System Requirements.....	3
3. General Operation.....	4

## INTRODUCTION

Many times, different user manuals can be vague and not user friendly. Based on this fact my aim as a developer of the project was to provide to the users a manual that will help them to easily use the website and help them with any possible problems they may face
