Acknowledgements

I would like to express my sincere appreciation to my supervisor Mr. M. Poullaides, for his precious help and guidance along the preparation of this project.

My personal thanks to Mr Gregory Gregoriou, Mr Andreas Efstathiou and Miss Maria Zakou for their valuable advises during the preparation of the project.

Finally I extend my personal thanks for those who help me to the completion of this project.

Costantinos Tsiantis

Introduction

The object of the project is:

1. To fully design and detail a workshop in steel
2. To make a research on the steel sections available in Cyprus market
3. To estimate the cost of the workshop according to current prices

The design is according to BS 5950 & BS 8110
