- CONCLUSIONS
- BIBLIOGRAPHY

## **ACKNOWLEDGEMENTS**

Our sincere thanks are owed to the following individuals:

Mr Anastasiades Klitos, lecture in civil engineering of the H.T.I for his useful guidance during the whole process of this project.

Mr Zenonos Christakis, Surveyor in the Surveying Department of Nicosia, for his advice, help and valuable time that he has spent with us.

Mr Stavrinides Frixos, Surveyor for the advises and help that gave as and for trusting us with his equipment.
