Acknowledgement

Firstly, I would like to express my appreciation to all people who helped me with my diploma project.

I would also like to express my gratitude to my project supervisor Mr. K. Anastasiades for his help and advice on the fulfillment of this project.

Many thanks to my parents for their moral and financial support during my studies at H.T.I. and also on the fulfillment of this project.

Finally I would like to thank my girlfriend Skevi Irodotou for her moral support during my studies and my friend and companion in the Student Union Heraclides Michalis for his help during these years.

Patrick G. Tymvios

SUMMARY

The objectives of this project are:

1. To discuss in general the applicability of computer drawings.
2. To become familiar with a CAD Package.
3. To produce drawings with the aid of the CAD Package.
