HIGHER TECHNICAL INSTITUTE	PROJECT NO 3050
----------------------------------	--------------------

**A Multimedia Guide to
Cyprus Archeological Sides
Zioga Christina
(Summary)**

The aim of this project is to introduce the user, either he/she is a tourist, a Cypriot citizen or a student, to the Archaeological Sides of Cyprus.

Because the content is immense it will be restricted to the most popular sides and it will also include the archaeological sides of occupied Cyprus. Features like sound, videos, good quality images and history overview of the sides will be included.
