

# RECIPE SOURCE SYSTEM

**NAME: EVRIPIDES KYRIAKOU**

**CLASS: 3CS**

**YEAR: 2008-2009**

HIGHER TECHNICAL INSTITUTE	PROJECT NO 3813
----------------------------------	--------------------

## ABSTRACT

The project objective is to design a website that is entirely focused on the art of cooking. This project features tutorials on cooking lingo, what they mean, when each phrase is appropriate etc., international cuisine information, various cooking recipes, tips and tricks on presentation of meals and deserts, video presentation from worldwide renowned chefs, information on the tools of the trade, knives, forks, spoons, table sets and when each is appropriate and finally, an online forum where users can register in order to save their favorite recipes and exchange information or seek help with their cooking recipes.

## **Index**

Abstract	1
Introduction	2-4
Online Culinary Experience	5-9
Feasibility and cost for cooking website	10-11
Analysis and General Design	12-18
Manual	19-37
