## **1.1 Description of the product**

The Cyprus Poetry & Culture web-site is an on-line portal where people around the world can share their passion for literature. Its goal is to provide fast access to biographies, poems and news around Cyprus and allow them to submit their own poems, biographies of others and articles. With articles users can contribute not only by providing information but also opinion and criticism.

Furthermore, the capabilities of the Cyprus poetry & culture web-site expand with more features. The system allows every user to register and have access not only to submissions of information but also to the creation of his/her own bindings of poems for download. When posting a poem the user has also the option to upload the song, if the poem has been converted into such.
